What is the SPOT Project?

**SPOT Terminal Services LLC**

- SPOT Terminal Services LLC (the Applicant) is a Texas company established to construct, own, and operate a deepwater port (DWP) in the Gulf of Mexico.

- The Applicant is a subsidiary of Enterprise Products Partners L.P., a publicly traded master limited partnership that provides midstream energy services for natural gas, natural gas liquids, crude oil, petrochemicals, and refined products.

- The Applicant has assembled a world-class team of partners, consultants, and advisors for the purpose of developing a DWP to provide a safe and reliable long-term supply of crude oil for export to the global market.
Proposed Offshore and Onshore Components

- The SPOT DWP would be located approximately 27 nautical miles offshore Brazoria County, Texas, in approximately 115 feet of water.

- The SPOT DWP would include one fixed platform and two single point mooring (SPM) buoys.

- Onshore storage would be located at the proposed Oyster Creek Terminal in Brazoria County, Texas, providing approximately 4.8 million barrels of crude oil storage.

- One 36-inch-diameter pipeline would supply crude oil to the new Oyster Creek Terminal from Enterprise’s existing ECHO crude oil storage terminal in southeast Houston.

- Dual 36-inch-diameter subsea pipelines would supply crude oil to the SPOT DWP from the proposed Oyster Creek Terminal.

Project Details

- Enterprise Products projects that, by 2025, the U.S. will export up to 8 million barrels of crude oil per day.

- The SPOT Project is designed to provide up to 2 million barrels of crude oil per day for export to this market.

- The SPOT Project will be capable of fully loading a very large crude carrier (VLCC) at a rate of 85,000 barrels per hour/2 million barrels per day.
Environmental and Safety Review

The SPOT Project has been designed to use proven technologies and protocols that ensure the protection of the public, workers, and the environment. The SPOT Project will be subject to approval from the Maritime Administration and U.S. Coast Guard's environmental and safety review under the Deepwater Port Act. Additionally, the SPOT Project will be subject to regulatory oversight by the following agencies:

- U.S. Coast Guard
- Maritime Administration
- Bureau of Ocean Energy Management
- Bureau of Safety and Environmental Enforcement
- U.S. Army Corps of Engineers
- U.S. Environmental Protection Agency
- National Oceanic and Atmospheric Administration
- U.S. Fish and Wildlife Service
- Advisory Council on Historic Preservation
- Bureau of Oceans and International Environmental and Scientific Affairs
- Department of Defense
- Governor of Texas
- Texas General Land Office
- Texas Parks and Wildlife Department
- Texas Commission on Environmental Quality
- Texas Railroad Commission
- Texas Historical Commission
- Texas Department of Transportation
- Harris County, Texas
- Brazoria County, Texas
Deepwater Port Act & National Environment Policy Act Timeline

356 Days from Receipt of Application (if complete) to MARAD ROD

- File Application
- 240 Days from FR Notice of Application to Final Public Hearings (after Application Deemed Complete)
- NLT 90 Days after Final Hearing

USCG Risk Assessment (project specific - scope & timing TBD) (Input to: EIS, Governor decision, ROD / license conditions, operations)

- 26 Days
- 30+ Days
- 45 Days

Application Review & Completeness Determination

- NEPA Scoping w/ Public Meetings
- Prepare DEIS
- DEIS Comment Period and Public Meetings
- Prepare FEIS

- 45 Days
- NLT 45 Days
- MARAD ROD for DWP App & EIS

- MARAD DWP License?

MILESTONES THROUGH SCOPING
- 31 Jan 2019: SPOT DWP Application submitted
- 19 Feb 2019: Federal Agency review comments received
- 22 Feb 2019: USCG & MARAD deem Application complete
- 04 Mar 2019: FR NOA announce application
- 07 Mar 2019: FR NOI announce EIS & NEPA Scoping
- 19 Mar 2019: Open House / Scoping Meeting
- 04 Apr 2019: End of Scoping

MILESTONES THROUGH DRAFT EIS DEVELOPMENT
- 07 Feb 2019: Publish DRAFT EIS/FR NOA
- 26 Feb 2019: DEIS public comment meeting
- 23 Mar 2019: End of public comment period

TENTATIVE FUTURE MILESTONES
- May 2020: Final EIS/ FR NOA
- May 2020: FEIS & Application final
- May 2020: Final Public Hearing
- May 2020: Comment Period
- Jul 2020: Governor of Texas Decision
- Aug 2020: MARAD Record of Decision (ROD)
