

Boil Water Rescind Notice

On March 2, 2015, the Texas Commission on Environmental Quality (TCEQ) required the public water system of the Village of Surfside Beach, Texas, PWS ID TX020037, to issue a boil water notice (BWN) to inform our customers that the presence of contaminants **or** an interruption in service necessitated that we boil water from our system before consumption.

Our system has taken the necessary corrective actions to restore adequate pressure, disinfectant levels, and/or bacteriological quality and has provided the TCEQ with testing results that indicate that the water no longer requires boiling as of March 4, 2015.

If you have questions, contact City Hall at 979-233-1531.

If a customer wishes to reach the TCEQ, he/she may call 512-239-4691.
