

# Monthly City Council Report

Village of Surfside Beach

Date: 05/12/2026

## Emergency Management Report

### Report:

- **Preparedness Activities:** As we all know the start of the 2026 Hurricane season is right around the corner, I have reviewed the city's emergency operations plan, There will be very little changes needed. I will get with Marsha next week to ensure she has a copy, we will also be removing Zach as the mayor and adding Marsha as the mayor with TDEM, this also will be accomplished within the next week.
- **Now is the time for all residents to look at their emergency preparedness kit and check batteries, up-date medications, just give it a good once over.**

### Planning Updates:

- This time of the year always brings lots of planning and preparedness. With hurricane planning meetings and such

### Interagency Coordination:

- I will be gone the week of May 25<sup>th</sup> through the 30<sup>th</sup>, I will be in Fort Worth for the Texas Department of emergency management yearly conference and networking.
- **Resource Status:** Resources are very low at best, we still would like donations for the emergency management department, Monetary donations can be done but not preferred due to the up in the air status as to where the donations funds are going to go, if you get with me I have a list of items we are requesting to have on hand in preparation for disasters and other unplanned events.
