20241224-2	Trash Run	Citywide	Toby	Beach	Troy, Xavier, Micheal	12/24/2024	12/24/2024	Completed

Building Department Monthly Council Report: Dec 2024

1. **Update on Crabbing pier:** We received the engineered plans for the project and have hired a contractor who began this week. The anticipated time for finishing this first part is approximately two weeks which includes demo and piles, then a couple more weeks for framing.
2. **Stahlman Park:** After completing all the requirements of the GLO we are ready to begin the secondary dune, once complete we will need to add vegetation and for this purpose, I had asked SOBA if they would lend a hand in transplanting native vegetation, they immediately volunteered to do so, and I want to say a big thank you to them.
Once the sand is placed, we can begin the new ADA walkover to the beach and hope to have everything complete just prior to spring break. (Hopefully)
3. **Hay Bale Dune Project:** I was tasked with obtaining any required GLO blessings/permits etc. for placing small square hay bales along the dunes in conjunction with the Christmas trees, and after filing with the GLO there were zero hang-ups, and they did an excellent job at getting the approval done quickly.
4. **Septic's west of Hwy 332:** I was asked to investigate whether a septic system could be permitted on the west side of Hwy 332 in the air vac system area. The answer to this according to our ordinance's is currently no since Chapter 48, Article III, Sec. 48-172 limits that ability, also Article IV, Sec. 48-204 further limits this.

January 14, 2025, Council meeting

Case Reports for November.

4

Citations.

20 (Down due to holidays, slow season, and officers out with illnesses.)

Staffing update.

The Flow Chart for PD is as follows

Chief

Captain

Lieutenant (Currently vacant)

Sergeant (Currently vacant)

Sergeant (Currently vacant)

4 Patrol Officers

1 on medical leave

15 Part-time Reserve Officers

New Flow Chart for EMS

Chief

Director (presently vacant)

Admin Assistant Director, Assistant Director of Operation

6 Full-time Medics and 6 Part-time Medics

Radar certification on new officers has been completed

I still need to purchase items for the Taser update course, namely cartridges for testing, and then I will put on another Taser Class.

Ticket Writers.

I am still working on City Ordinances with Peacemaker Technologies. The delay is due to the owner of Peacemaker Technologies being out of the country during the holidays. They are having issues inputting the ordinances because they need the numbers for the individual ordinances, but this should be resolved soon.
