Building Department Monthly Council Report: February 2025

1. **City Hall Bldg.:** I asked for and received a bid for engineering services for the foundation and structural repair of the building, which would include the initial survey of needed repairs, such as re-leveling of the building, replacement of damaged pilings and stringers and how to properly complete the necessary items, this includes stamped engineered drawings and inspections of the work. Once this is completed we can begin the process of retaining contractors or obtaining bids for the repairs.
2. **Update on Crabbing pier:** All demolition has been completed and the new pilings installed for the re-configured pier, the next step is framing which I anticipate starting within the next couple of weeks.
3. **Stahlman Park:** Construction has begun on the new walkover and with a completion date of no later than the 20th of February.
4. **614 Texas:** Originally the home was supposed to be demolished, however now that a fire has destroyed the structure, we will take action to accomplish the cleanup of the property.
