20250531-1	Beach	Trash run	Beach	Marcus, Xavier, Madden, Luciano

## Building Department Monthly Council Report: June 2025

1. **City Hall Building:** There will be an engineer and surveyor here Tuesday the 17<sup>th</sup> to begin an overall assessment of the foundation and stringers, this will provide the necessary drawings and specifications to obtain repair bids.
2. **GLO Visit:** We met with the GLO on May 20<sup>th</sup> at their request to discuss fences on the beach that have the potential to block the right of way of the public, and emergency vehicles. After a lengthy discussion, it was agreed by the Village that if there was a need to remove any of the fences we would do so. I then sent a letter to several property owners informing them of this meeting and the outcome of it and asking them to reach out to us prior to replacing any portion of the fence, if and when removed.
3. **New Grocery Store (Ocean Supermarket):** Will open on Monday the 16<sup>th</sup> of this month, they should complete stocking this week.
4. **New Permit:** A new Land Development permit application and associated requirements for approval was created to incorporate the newly revised wetland issues, the applicants cost for this permit will be 0.04 cents per square foot, however this will be evaluated along with other permit costs by Planning and Zoning later this month.
