Building Department Monthly Council Report: July 2025

1. **City Hall Building:** Engineers have completed their inspections and surveys, and I have been told we can expect the drawings and assessments within a week or so.
2. **Crabbing Peir:** I began work on obtaining preliminary bids for the 3rd and final phase, which is the entire front board walk area and ADA concrete ramp from the parking lot.
3. **Beach Drive Walkovers:** Met with an engineer on site at Crab and Beach to begin discussions of concrete steps which would be incorporated into three or four areas along the revetment wall and be tied into a possible concrete road. I sent him the original project details and drawings of the revetment wall for this purpose.
4. **Zoning & Code:** Issued 16 building permits, one new home, one home demolition, two certificates of occupancy, two septic systems, and dealt with 12 code enforcement violations.
