- **It was found that there was 2 and now 3 broken bolts along the manifold, I had Tyler get under the unit to look at it and one of the bolts broke off in his hand. Siddon Martin stated that the noise that we are hearing is mainly the manifold issue, however he stated that he cannot rule out a lifter problem.**

- **Staffing:** We recently had 2 FT employees leave us, one was for better pay and benefits for his family, the other FT employee resigned due to disciplinary issues. We also had 1 PT employee that had to resign, she obtained another PT job that paid her a great deal more and between her new PT job and her FT job she would not be able to remain employed here at Surfside Beach.
