

# Mobi-Chair

## FLOATING BEACH WHEELCHAIR

**The Mobi-Chair is a high quality, amphibious rolling beach chair that provides a seamless transition from boardwalk-to beach-to water.**

The Mobi-Chair was designed with everyone in mind. Wheelchair users, people with special needs, or even children can benefit from the convenience, portability and comfort of the Mobi-Chair.

Mobi-Chair is the ultimate partner for leisure time and entertainment. The aluminum frame and stainless steel parts are corrosion free from salt water and the floatational wheels and armrests provide an unprecedented experience due to their stable buoyant design.

The Mobi-Chair is suitable for use at the beach or even in swimming pools.

### **Maneuverability**

Mobi-Chair provides a comfortable ride. The rubber pneumatic tires absorb the shock and discomfort caused by rugged terrain, and it provides easy mobility through sand and other rough surfaces.

### **Floatability**

The armrests and wheels are comprised of floatation materials that enable balance while bathing in the water. The integrated handles on the armrests provide added stability while enjoying the ride on land or in the water.

### **Convenience**

Transportation and storage is convenient. Mobi-Chair is quickly assembled or disassembled by operating the quick release pins and joints without tools. It can easily fit into any vehicle.

### **Aesthetics**

The Mobi-Chair is physically and visually pleasing due to its quality and appearance. Users are able to recline in a comfortable position while riding, bathing or sitting for extended periods of time. The attractive fabric is non-allergenic, UV resistant, water resistant and ventilated for quick drying.

**Mobi-Chair**

**TECHNICAL CHARACTERISTICS - Kit P/N 176275**

Seat Width	18 inches
Seat Depth	17 inches
Seat Height	19 inches
Product Length	60 inches
Product Width	42 inches
Product Height	50 inches
Product Weight	66 lbs
Front Castor	12" x 6.5" - Rubber Pneumatic
